

CAPABILITY STATEMENT

ATALO Solutions, Inc. helps organizations *transform* the way they do **processes, people, and technology** by providing expert program and project management with technical SMEs skilled in leading high performing teams that innovate and execute mission specific solutions to solve challenging problems while maintaining a focus on the end-user. Our portfolio of services includes consulting, continuous process improvement, change management, and business intelligence across many technical areas.

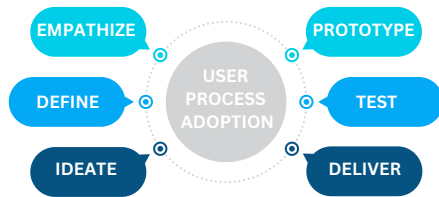

CORE COMPETENCIES

TECHNICAL PROGRAM MANAGEMENT

- Technology forecasting and road-mapping, innovation management
- Full life-cycle management of program: manage and control scope, risks, and budget for complex programs
- Experience providing USSOCOM mission support, with a focus on delivering solutions to enable rapid delivery of capability

BUSINESS PROCESS TRANSFORMATION

- Business process mapping, transform standard operating procedures, and lead change management to support transformation initiatives and facilitate adoption

- Leverage leading-edge business process management tools i.e. PowerBI to create KPI driven scorecards with data from multiple systems
- Develop targeted strategies to address pain points, leverage opportunities for improvement, and implement best practices for continuous improvement

TRUST ATALO TO DEVELOP AND LEAD HIGH PERFORMING TEAMS WITH SPECIALIZATION IN:

- Digital Transformation
- System/Integration Test and Evaluation
- Cloud and Containerized Solutions
- Custom SW development using SecDevOps framework with CI/CD
- Cybersecurity
- Enterprise Network Design and Optimization
- Open-Source Software Validation and Compliance

DIFFERENTIATORS

ATALO is a capable and dedicated technology and staff augmentation company ready to provide continuous support to federal government agencies. We understand the critical issues, ranging from cybersecurity threats and outdated legacy platforms, to interoperability issues and the integration of emerging technologies into operational systems.

What sets us apart is our unwavering commitment to our customers. We prioritize listening to their unique needs and challenges, ensuring we fully understand their requirements and the entire problem set. This customer-focused strategy enables us to provide customized solutions that efficiently address current challenges while proactively mitigating potential impacts to people, processes, and technologies already in place.
